

Zeynep Yesilyurt, BA(Hon), BSW

I have worked as a researcher, community development worker and social worker in a range of non-profit community organisations in the areas of settlement, women's health, sexual & reproductive health, and child & family services. For the past decade, I have worked as a Senior Social Worker and Manager at the Royal Women's Hospital.

I have a particular interest in human rights and social justice issues. This interest has lead me to be actively involved in many grassroots organisations as a volunteer, community advocate and committee of management member, including the Dallas Neighbourhood House, Alevi Federation of Australia, Alevi Community Council of Australia, Northern Health and the Victorian and Immigrant Refugee Women's Coalition.

I am currently a member of the Equality Rights Alliance, a national network of women's organisations advocating for women's equality, women's leadership and recognition of women's diversity.
