

Recognising and Respecting Carers

Recognising and Respecting Carers from CALD Backgrounds

ECCV's Recognising and Respecting Carers Project focuses on building the capacity of carer support groups to identify support services and to share that knowledge with carers within their groups.

The project seeks to improve outcomes for senior carers from culturally and linguistically diverse backgrounds by:

- providing information about carer services
- improving their capacity to access support services and resources
- raising awareness about elder abuse in carer relationships, and
- identifying issues affecting hidden carers within the community.

If you or your organisation is involved in carer support and would like to find out more about the project, please contact Carers Capacity Building Officer [Hayat Doughan](mailto:hdoughan@eccv.org.au) at hdoughan@eccv.org.au or call **0478 217 956**.

This project is run by ECCV in partnership with Carers Victoria and funded by the Department of Families, Fairness and Housing.
